Work Experience

Payas technologies, Pune   Dec 2021 – May 2022

Web Developer

- I was responsible for developing new websites and improving existing ones, while also debugging and troubleshooting any issues that arose. I also worked closely with a team of other developers and designers to ensure successful project completion.
- Furthermore, I had the opportunity to collaborate with clients to create and review designs and to negotiate and fulfil requirements. This internship has provided me with practical and valuable experience that I believe will help me immensely in the future.
- Payas Technology Pvt Ltd Corporation. During this time, I gained a wealth of knowledge and experience in web development and design, which included the use of HTML, CSS, JavaScript, and various frameworks.

Barclays, Pune   Mar 2023

Apprenticeship

I want to express my sincere appreciation to Barclay for offering me exceptional cybersecurity training, which has greatly enhanced my skills and knowledge The training program has played a crucial role in expanding my understanding and enabling me to effectively apply my newfound cybersecurity skills. I would like to acknowledge the faculty members for their exceptional dedication and active involvement in our learning journey. Their guidance has been instrumental in helping us identify areas for improvement and fostering our growth as cybersecurity professionals.
